

JIM NOORLANDER FOR CONGRESS

“I believe this is a great nation,
and it’s worth saving.”

Jim Noorlander is the *only* candidate:

- Who served in the military (USMC)
 - Who will go back to Washington not owing favors
 - Has a plan outlined to secure our monetary system
- Has a humane, step-by-step proposal for the illegal-immigration problem (including no amnesty and securing our borders!)
- Is 100% committed to stopping the expanding social-welfare system
 - Has a proposal to overhaul the current tax system
- Is informing us about the Security and Prosperity Partnership (SPP)
- Is 100% committed to restoring the Constitutional principles this great country was founded on

You've heard the rhetoric for years~

- ✓ *Fiscal responsibility*
- ✓ *Personal accountability*

Then they added:

- ✓ *Workout, not bailout*
- ✓ *Main Street, not Wall Street*

What has it gotten us?

MORE SOCIALISM.

NOW, the latest buzz-word is “change”

Where is this “change” from both major parties getting us?

A long way down the *wrong road!*

The word we should be using is not “*change.*”

- The correct word is “***restoration!***”
- We must restore our country to the fundamental principles upon which it was founded.

Fewer than 10% of the people voted in the last election.

Many voters recognize both major parties are now the same,
leaving them with no real choice.

However...

We do have a choice--an excellent choice!

Re-establishing the Constitutional Principles of the Founding Fathers
*HONOR GOD *DEFEND THE FAMILY *RESTORE THE REPUBLIC
